

Konftel 300IPx

The art of easiness

One click is all it takes to start or join a meeting. With the Konftel 300IPx, making conference calls is as simple as using the Konftel Unite mobile app. The new generation IP conference phone is the Art of Easiness.

As well as One Touch Conferencing via the app, the Konftel 300IPx has everything you need for high-class, efficient distance meetings. It incorporates patented OmniSound® technology to deliver crystal-clear, natural HD audio. It is outstandingly versatile. Thanks to connectivity options for loudspeaker equipment, wireless headsets and extra microphones, the Konftel 300IPx is the ideal IP conference phone for rooms of all sizes up to large auditoriums. It has a USB port and works perfectly with Skype for Business, Cisco, Avaya and other meeting tools.

The Konftel 300IPx can be configured and upgraded via the web interface or the company's own provisioning server. Another convenient option is Konftel's Zero Touch Installation web service.
